I Really Miss You

I called you today just to hear you say You were not around When the message was through, though I wanted to I couldn't make a sound I wanna tell you the things I've seen I wanna take you to where I've been And I wish you were here with me Don't you know

I really miss you - yes I do - yeah I really miss you Ohhhh yeah I do

I'm writing to say I had a wonderful day Hangin' with my friends But the memory dies as the sun reach the skies I'm alone again I wanna tell you the weather is fine When the night comes around you were on my mind And I wish you were here with me Don't you know

I really miss you - yes I do - yeah I really miss you - yes I do - I miss you I really miss you Ohhhh yeah I do

I wanna tell you the things I've seen I wanna take you to where I've been And I wish you were here with me Oh, don't you know

I really miss you - yes I do - yeah I really miss you - I miss you

I called you today just to hear you say You were not around When the message was through, though I wanted to I couldn't make a sound I'm writing to say I had a wonderful day Hangin' with my friends But the memory dies as the sun reach the skies I'm alone again
