

I Will Find You

S Club 7

I've been lookin' here
Lookin' there
Can you tell me who
Tell me where
Cos wherever I am
Wherever you are
I will find you boy
Near or far
I've been lookin' here
Lookin' there
Can you tell me who
Tell me where
Cos wherever I am
Wherever you are
I will find you boy
Near or far

I fell in love with this girl I saw
And I'm pretty sure that me and her have met before
So why did I
Act so shy
And didn't say a thing
Cos now
I'm wondering

I've been lookin' here
Lookin' there
Can you tell me who
Tell me where
Cos wherever I am
Wherever you are
I will find you girl
Near or far

I've been lookin' here
Lookin' there
Can you tell me who
Tell me where
Cos wherever I am
Wherever you are
I will find you girl
Near or far

I saw this boy and he looked at me
I noticed him, but he didn't notice me
Why did I
Act so shy
Didn't say a thing
Cos now
I'm wondering

I've been lookin' here
Lookin' there
Can you tell me who
Tell me where
Cos wherever I am
Wherever you are

I will find you girl
Near or far

I've been lookin' here
Lookin' there
Can you tell me who
Tell me where
Cos wherever I am
Wherever you are
I will find you girl
Near or far

Cos I
Wanna be the one
Cos I wanna be your boy
And I wanna be your girl

Cos I
Wanna be the one
Cos I wanna be your boy
And I wanna be your girl

With every day
With every hour
We're getting closer
Everytime
You will find
What you've been lookin' for lookin' for
Lookin' here
Lookin' there

I've been lookin' here
I've been lookin' there
Tryin' to find you
Can someone help me find you
When I find you girl
I will show you the world

Cos now
I'm wondering

I've been lookin' here
Lookin' there
Can you tell me who
Tell me where
Cos wherever I am
Wherever you are
I will find you girl
Near or far

I've been lookin' here
Lookin' there
Can you tell me who
Tell me where
Cos wherever I am
Wherever you are
I will find you girl
Near or far
