

Can I Trust You

S Club 8

Call me whatever, but the past has shown
I'm stronger on my own, don't need nobody
Don't wanna make exceptions to the rule
Cause I am no one's fool, suffering gladly

But now I don't have a choice, inside me there is a voice
That tells me gotta let go, so...

Can I trust you, cause I've been hurt before
And I can't take anymore
Can I trust you, show me your honesty
Tell me you promise me the truth
Yeah, yeah, yeah

It isn't easy, cause I wanna fight
But now my hands are tied and I don't like it
I hate it when there's nothing I can do
But when I look at you, I get excited

Maybe I can do with your help to coax me out of my shell
And help me wanna let go

Cause I'm a DJ n' slash producer (Can I trust you)
And I got a real buzz when they introduced her (Cause I've been hurt before)
Cause I get what I want and I get it real quick, if you don't like the water, then don't Tom Cruise the ship (And I can't take it anymore)
I use metaphors to get across what I'm saying (Can I trust you)
Cause love is a game n' people to be playing (Show me your honesty)
It hurts when you lose so you really want to win,
So be devoted from the end right to the second you begin (Tell me, you promise me the truth)

Can I trust you, cause I've been hurt before
And I can't take it anymore
Can I trust you, show me your honesty
Tell me you promise me the truth
