

## Feel The Beat

S Club 8

Move on up do your thing  
Move on up do your thing

Tonight is saturday night  
You wanna freak it, but don't know  
How to funk it  
But there's a new thing around  
Cause the disco opens up in town

So baby, move on up  
Get up on the dancefloor  
Do your thing, get down tonight  
Baby don't stop cause I can make you fly so high

Can you feel the beat  
It's coming your way  
Gonna disco to the top  
So don't go away  
Can you feel the heat  
All over town  
When we disco to the top now

I caught a glimpse of your eye  
And when were dancin'  
We get into the right mood  
So lets get funky tonight  
Cause the djs pumping up the groove

So baby move on up  
Get up on the dance floor  
Do your thing  
Get down tonight  
Baby don't stop cause I can make you fly so high.

We can't stop this feeling  
Any longer now  
Feel the beat  
And get into the grooe babe  
We can dance  
The musics getting stronger now  
Let me take you high

Move on up do your thing
