

# I Come Alive

S Club 8

One, two, three, four  
I come alive, I can describe  
You try to wake me in the morning  
When the dark turns into light  
Everywhere there's a funny feeling  
When the sun is just too bright

(Hey hey hey) When I think of you  
(Makes me high) Just the thought of you  
(Tell me why) Takes control of me,  
And now every day I feel the same way

I come alive  
Every time I think of you  
I scream your name  
I can describe  
Every little thing that you do  
Do you feel the same (Please tell me)

Being around you's so easy  
It makes me happy in every way  
When I come home in the evening  
I can't wait for the next day

(Hey hey hey) When I think of you  
(Makes me high) Just the thought of you  
(Tell me why) Takes control of me,  
And now every day I feel the same way

I come alive  
Every time I think of you  
I scream your name  
I can describe  
Every little thing that you do  
Do you feel the same (Please tell me)

Let me tell you what I think  
Because I'm going to explode if I don't tell you  
Do you feel the same I do (Help me)  
Am I on my own  
I come alive

I come alive  
Every time I think of you  
I scream your name  
I can describe  
Every little thing that you do  
Do you feel the same (Please tell me)
