

Together

S Club 8

Frankie:

I am naughty but nice
I am sweetness in light
I will make your dreams come true.

Calvin:

I love to dance through the night,
I love to watch the sunrise.
I Wanna Wake up bright and new.

All:

But when we get together, together...

together we're strong and together we're fun
And we brake every heart baby one by one
And it doesn't really matter how old or young
Just try it you'll make it
We know the world is not so great,
We feel the bad times fade away
Together, we are strong

Stacey:

I don't mean to get mad,
And I don't mean to be bad,
But I sometimes get a bit crazy.

Jay:

I love to play like we should,
And I get to feelin so good.
There aint no angels gonna to save me.

All:

Cause when we get together, together...

Jay:

Whenever you need a friend
(We're ready...)
To always lend a helping hand
(Don't be shy...)

Rochelle:

When you feelin lonely,
When you feelin down.
Just remember, We can turn this world around.

All:

Turn the world around... ohoh... ohoh... ohoh...
We know the world is not so great,
We feel the bad times fade away
Together, we are strong

Together... We are strong.
