

# Wherever Your Heart Beats

S Club 8

All:

Wherever your heart beats  
Cos my love is strong  
Wherever your heart may be

Calvin:

We both know it's time to let go now  
We hold on just as tight as we can  
Don't wonder if you feel the way that you feel  
Cos I swear that you made me everything that I am

Hannah:

So if it feels cold tonight  
Without me so warm in your arms  
Cos you know the stars burn bright

Girls:

Wherever your heart beats  
I'll run with you  
Under this magical sky  
I share with you  
Asleep and I'm there in your dreams  
Just close your eyes don't miss me  
Cos my love is strong wherever your heart may be

Jay:

These weeks could, could almost be a lifetime

Aaron:

And some day you'll taste his kiss for good

Hannah:

Though I don't know where or when  
But I know that you could be the one  
If the stars keep shining on

Girls:

Wherever your heart beats  
I'll run with you  
Under this magical sky  
I share with you  
Asleep and I'm there in your dreams  
Just close your eyes, don't miss me  
Cos my love is strong, wherever your heart may be

Rochelle:

So if it feels cold tonight  
Without me so warm in your arms  
You should know the stars burn bright

Girls:

Wherever your heart beats  
I'll run with you  
Under this magical sky  
I share with you  
Oh yeaaaaaaaah (Stacey)  
Asleep and I'm there in your dreams

Just close your eyes don't miss me  
Cos my lovin's strong  
Wherever your heart may be
