Hey you Steve, now check your gear, now check your watch
Now check what time it is Minwoo, it's time to kick a beat!
Now check, it's set, and my finger on the trigger
(Gettin' bigger with the faces on a mirror)
Now check, it's on, get your boogie on
(Gettin' bigger get your boogie on)
And a SES got me back on this tracks,
So we gonna continue to spit this game,
Remember the name, it's all the same
I remain to be the tightest real MC, so hittin' you with that wicked
And now, back to the subject
