

# I Wanna Go Back

S.O.A.P.

I still remember the that you came on to me  
And for the first time I saw somebody for me  
And I never really saw it, was all a game you played  
You took advantage of me, like I was somekind of fool  
Like I was ready to live my life by your rules  
You had me wrapped round your finger  
And I let it linger on

Now I wanna go back to being alone  
I wanna go dancin' all night long  
I wanna be free, to be who I want  
And show I can make it on my own  
I wanna go back to being alone  
I wanna go dancin' all night long  
I wanna be free, to do what I want  
And show I can make it on my own  
I wanna go back

You said that I would be back  
You said it wouldn't be long  
I had to proove to myself  
That I could be strong

You had a hold on my sences  
But now I'm breaking free

Now I wanna go back to being alone  
I wanna go dancin' all night long  
I wanna be free, to be who I want  
And show I can make it on my own  
I wanna go back to being alone  
I wanna go dancin' all night long  
I wanna be free, to do what I want  
And show I can make it on my own  
I wanna go back

Now you don't know nothing about love,  
Cause you had the best of the best boy  
And this time baby I ain't gonna let ya  
Back in my heart again

Now I wanna go back to being alone  
I wanna go dancin' all night long  
I wanna be free, to be who I want  
And show I can make it on my own  
I wanna go back to being alone  
I wanna go dancin' all night long  
I wanna be free, to do what I want  
And show I can make it on my own

I wanna go back to being alone  
I wanna go dancin' all night long  
I wanna be free, to be who I want  
And show I can make it on my own  
I wanna go back to being alone  
I wanna go dancin' all night long  
I wanna be free, to do what I want  
And show I can make it on my own  
I wanna go back
