

# This Is How We Party

S.O.A.P.

[Chorus x 2]

This is how we party  
Foolin' with your body  
C'mon, everybody  
Can't get enough of you

Here we are, back in the game  
Raise your hands and feel the rain  
Got one thing you've got to try  
Making many money, making big boys cry  
Too bad that he's a liar  
She's so cool, but her hair's on fire  
Let me go; make me feel strong  
We've got to set it off till the break of dawn  
This is how we do it  
When somebody want to turn you down  
You got to keep on movin'  
Don't let nobody catch you, hit you  
Get you down to the ground  
Here we say...

[Chorus x 2]

C'mon, everybody, we can get it together  
The sun will shine in any kind of weather  
Just stop trippin' and change your feel  
We come to party when we come around here  
Lisa lives; she never lies  
Simon says no time to cry  
Doing what we like  
We can do it all night  
This is how we do it  
When somebody want to turn you down  
You got to keep on movin'  
Don't let nobody catch you, hit you  
Get you down to the ground  
Hear what we say...

[Chorus x 2]

I'm doing it for you  
If you're doing it for me  
Baby, we'll keep on movin'  
Don't let 'em get you down  
Just listen to the sound

[Chorus x 3]
