

# Blood of Bannockburn

Sabatón

Now that the time has come to fight  
Scotland must unite!  
We'll make a stand on Stirling ground  
To put a challenge to the crown!  
We are one! We have come  
We're here to break and end the occupation!  
We have a nation's fate in hand  
Its time we made our final stand!

Rally all the clans!  
Englishmen advance!  
Blood of Bannockburn!  
Point of no return!  
Join the Scottish revolution!  
Freedom must be won by blood!  
Now we call for revolution  
Play the pipes and cry out loud!

We need a king to rule our land!  
Bruce is in command!  
There is the crown that's in his sight!  
And its the reason we will fight!  
To attack! Send them back!  
And then we'll see to Bruce's coronation!  
We are the Scots with pikes in hand!  
And we will die to claim our land!

Rally all the clans!  
Halted English plans!  
Charge of Bannockburn!  
Freedom we shall earn

Join the Scottish revolution!  
Freedom must be won by blood!  
Now we call for revolution  
Play the pipes and cry out loud!

And as the hammer lost it's crown  
And a weak heir to succeed it  
Play the tunes of victory  
Play them higher and higher tonight

Wallace showed the way  
Led us to this day  
Here at Bannockburn  
Freedom we have earned

Join the Scottish revolution!  
Freedom must be won by blood!  
Now we call for revolution  
Play the pipes and cry out loud!

Join the Scottish revolution!  
Freedom must be won by blood!  
Now we call for revolution  
Play the pipes and cry out loud!
