## **Saboteurs**

Sabaton

Dropped down to a world of ice A platoe of frozen lakes A Nazi place of doom in their sights Training camps on Scottish Heights To commando saboteurs A mission of their lives lies ahead

R: Called in to serve And they knew what to do They were the heroes of the cold

Warrior soul, they signed a book of history They played a leading role to win the 2nd war

Allied time was running short They would race against the bomb And hours turned to days, time passed on As the nature Test their strength They would fight through night and day To live amongst the wild, stay alive

R: Called in to serve And they knew what to do They were the heroes of the cold

Warrior soul, they signed a book of history They played a leading role to win the 2nd war

Heroes of the telemark Carry viking blood in veins Warriors of the northern land They live forever more (2x)

Called in to serve And they knew what to do They were the heroes of the cold

Warrior soul!

Warrior soul, they signed a book of history They played a leading role to win the 2nd war (2x)
