

# Angel of Destruction

Sabbat

Hell is laughing at a new dawn  
Rising rainbow of black  
Over the mountain of corpses  
Nightmare soars into the sky

Blood washes blood with blood  
Terror brings stormy delight  
Blood burns blood with blood  
From evil queen's evil dark hole

Godforsaken, Son of death, Angel of destruction  
Terminator, Master of death, Angel of destruction  
Angel of destruction

Rain doesn't reach the ground  
Decayed future, Raped creation  
Angel's smile, dancing wings  
It's temptation of destruction

Blood washes blood with blood  
Terror brings stormy delight  
Blood burns blood with blood  
From evil queen's evil dark hole

Bestial god's, Karma of death, Angel of destruction  
Unholy final, ecstasy of death, Angel of destruction  
Angel of destruction

Godforsaken, Son of death, Angel of destruction  
Terminator, Master of death, Angel of destruction  
Bestial god's, Karma of death, Angel of destruction  
Unholy final, ecstasy of death, Angel of destruction  
Here must be a grave of mortals  
The mission is total destruction  
Riding on the wings of Satan  
Destroy under the sign of blasphemy  
Angel of destruction
