

Metalucifer and Evilucifer

Sabbat

Swear by faith of black bible
Take the swords of brave warriors
Immortalize damned greedy souls
Break through terrible fate
This battle needs magical evil
And revengeful steel
I give you wisdom of the evil
I give you megaforce
I'm a metalucifer
The holy brightness & the dark magic
I'm an evilucifer
Now or never is the time to unite them
Ride on death horses, praise steely bloody swords
Kill all of false idols, destroy ! For you no mercy of
gods
