

# The Answer Is Hell

Sabbat

Swimming in the eternal greedy desire  
The raped fairies by priests under the holy cross  
Devils drink up all water from final mountains  
Angels get the source of lust  
Instead of the sacred bible

God's creatures built on delusion is rotting away  
Mortals are the ones attached to all that is insane  
Where are we going in the conspiracy of gods?  
You know the reason, you know the nightmare,  
You know... The answer is hell!

Screaming of the bleeding moon calls screaming  
Of the bleeding grounds  
Bloody fire's flames on the top of a black candle  
Master gods are in league with lord of Satan  
Ashy sun welcomes the darkness without end

God's creatures built on delusion is rotting away  
Mortals are the ones attached to all that is insane  
Where are we going in the conspiracy of gods?  
You know the reason, you know the nightmare,  
You know... The answer is hell!
