

# Don't Want It Back

Sabrina Carpenter

You are the voice inside my mind  
Something so real is hard to find  
I know, I know  
(I know, I know)  
I know, I know  
(I know, I know)

I'll hold you tight, remove the air  
No space between, I want you here  
I know, I know  
(I know, I know)  
Baby, you're home

Hey, first I thought  
Won't wait for time  
We're living for tonight

You give me a reason  
To feel what I feel  
When everything is under attack  
You got my heart, I don't want it back

You might be the answer to  
All of my fears  
When everything is under attack  
You got my heart, I don't want it back  
You got my heart, I don't want it back

This moment can't be worth the wait  
A part of you is a part of me  
I know, I know  
(I know, I know)  
I know, I know  
(I know, I know)

This love we have will never end  
We're circles, we begin again  
I know, I know  
Baby, I'm home

Hey, first I thought  
Won't wait for time  
We're living for tonight

You give me a reason  
To feel what I feel  
When everything is under attack  
You got my heart, I don't want it back

You might be the answer to  
All of my fears  
When everything is under attack  
You got my heart, I don't want it back  
You got my heart, I don't want it back

You give me a reason  
You give me a feeling

But all of the things you've given to me  
You've given to me

You give me a reason  
To feel what I feel  
When everything is under attack  
You got my heart, I don't want it back

You might be the answer to  
All of my fears  
When everything is under attack  
You got my heart, I don't want it back  
You got my heart, I don't want it back  
You got my heart, I don't want it back
