

# Two Young Hearts

Sabrina Carpenter

It's a narrow line I'm walkin'  
Better watch my step  
Cause we got everybody talkin'  
And I can hear 'em say

Maybe in another lifetime (lifetime)  
Maybe when you're older  
What they don't know is  
I've already made up my mind (my mind)  
And yes I know what love is

Cause we are two old souls,  
With two young hearts  
We can run, I will follow you to the end of the earth  
Where we can see forever,  
They can never tear us apart  
Two old souls,  
With two young hearts  
Two young hearts

They say we're too young  
I could lie awake in darkness  
Oh just to dream of you  
And you could lay your head on my chest  
Yeah, just like you always do

Maybe in another lifetime (lifetime)  
Maybe when we're older  
At least we know that  
We've already made up our minds (our minds)  
And yes we know what love is

Cause we are two old souls,  
With two young hearts  
We can run, I will follow you to the end of the earth  
Where we can see forever,  
They can never tear us apart  
Two old souls,  
With two young hearts  
Two young hearts

We're gonna keep on runnin'  
Runnin' for all that we are  
We want it all or nothing  
We knew it right from the start  
We are a part of something  
Something as old as time, time, time

Cause we are two old souls  
With two young hearts  
We can run, I will follow you to the end of the earth  
Where we can see forever,  
They can never tear us apart  
Two old souls,  
With two young hearts  
Two young hearts

You're never too young
