

# No Believers

Sacred Reich

What is this lie there is no truth  
There is no God there is no proof  
They say there is a higher being  
He was crucified, torn and bleeding

The Bible is a lie  
I defy the lying priest  
God doesn't control my life  
I choose my own destiny  
Religion is for the weak  
Your soul will die forever  
Get up off your knees  
There's no God in heaven

What is God, imagination  
A symbol of lies and frustration  
Your saviour Jesus was lost  
When he was nailed to the cross

The Bible is a lie  
I defy the lying priest  
God doesn't control my life  
I choose my own destiny  
Religion is for the weak  
Your soul will die forever  
Get up off your knees  
There's no God in heaven

Screaming prophets  
Screaming prophets control your mind  
Fake messiah  
Fake messiah bathed in lies  
Devour Christians  
Devour Christians see the light  
Do not question  
Do not question God is right

Millions of Christians accept in their heart  
Their saviour is Jesus have faith in the cross  
There is no truth to the holy cross  
But millions follow millions are lost

The Bible is a lie  
I defy the lying priest  
God doesn't control my life  
I choose my own destiny  
Religion is for the weak  
Your soul will die forever  
Get up off your knees  
There's no God in heaven
