

By Steel We Rule

Sacred Steel

Holy Battle, Holy War
Destiny revealed
We're so much stronger than before
Conquerors of Steel

We live for Metal, live for War
Fighting for the Gods
Come meet your Fate, taste our Blades
Longing for your Blood

As it was it now shall be
Our Gods shall rule
You who have dared to fuck with Steel
Die a Death of fools

By Steel We Rule
By Steel We Rule
Wargods of Metal
We kill for you

Another Slaughter of Battle calls
Destiny fulfilled
Never surrender, never fall
'Til our Blood is spilled

We'll die for Metal, die for War
Glory of the Gods
An endless Fight with all our Might
Metal in our Blood

Gods of Steel we rule
By Power and Might
Gods of Steel we rule
Come join our Fight

Sacred Steel - We rule
Metal is the Truth
