

## Charge Into Overkill

Sacred Steel

Headlong into war  
Sing with gleaming eyes  
Hymns your fathers sung  
Just before they died

Madmen in control  
Targets now are set  
The end will soon unfold  
Wrath with no regret

March  
March for lies  
Death will rise  
Show no fear  
Hell is here

Charge into overkill

Onward into fire  
Baptized in the roar  
Born to feed the pyres  
Burning on each shore

More souls for the grave  
We all soon shall fall  
No one's to be saved  
War devours us all

Bombs of death like rain  
Fall to maim  
Destroy  
Your life turns to pain  
Don't cry soldier boy
