

# Crucified in Heaven

## Sacred Steel

Behold! The legions of the damned they ride this night  
They rose up from the burning lands where they've been  
tied

In death they heard the battle horn, obeyed its call  
This time the tyrant and his Christ will surely fall

You're in for the kill  
Dark horde  
Your blood must be spilled

Blood - Spill the blood of Christ  
In heaven you'll be crucified  
Blood, blood - Spill the blood of Christ  
In heaven you'll be crucified again

Once more there's blood and agony in paradise  
All hear the screams of tortured souls as angels die  
It's true! The 1000 years are gone, the beast returns  
This time the tyrant and his bastard son, they'll burn

You're in for the kill  
Dark horde  
Your blood must be spilled

Blood - Spill the blood of Christ  
In heaven you'll be crucified  
Blood, blood - Spill the blood of Christ  
In heaven you'll be crucified again

It's the dawn of man, the reign of Hell has just begun  
It's the end of god, the fall of heaven now has come

Behold! The legions of the damned they ride this night  
They rose up from the burning lands where they've been  
tied

It's true! The 1000 years are gone, the beast returns  
This time the tyrant and his bastard son, they'll burn

You're in for the kill  
Dark horde  
Your blood must be spilled

Blood - Spill the blood of Christ  
In heaven you'll be crucified  
Blood, blood - Spill the blood of Christ  
In heaven you'll be crucified again
