

# Maniacs Of Speed

## Sacred Steel

Behold the writing on the wall - sceptics watch in awe  
Scriptures ancient and forbidden - unveiling the law

It's the dawn of fate - forever you are now enslaved  
It's the dawn of fate - forever - you can not be saved

Mass destruction - Mind corruption  
Architects of Death and Fear

Yield to hell - succumb to horror  
For your soul - no tomorrow  
Hail to them - spread the seed  
Maniacs of power and speed

Signs of death - apocalypse - in doom's face you stare  
You can see them fast descending - the new gods are here

Arise - Merchants of Deceit  
Arise - For the Gods you bleed
