

Metal Underground

Sacred Steel

84 was magic
"Hammer" ruled
My life
Oh so tragic
Young and doomed
Then beyond the giants
There I found
Metal's gems lay hidden
Underground

All I am
All I was
All I'll be
I owe to thee

Hail
Metal underground
To the heavy metal sound
I am bound

Hail

Metal underground
To the heavy metal sound
We are bound

Yeah

"Hail to England" conquered
My black soul

In love then with "Melissa"
I swore the oath
Spellbound now forever
Live undead
Sworn to live for metal
Thrashing mad
