

# Slaughter Prophecy

Sacred Steel

I am the last of the witches  
Reborn to take revenge  
For all those whov'e been burned alive  
Slaughtered by your hands  
Women flayed, Impaled, Raped  
Broken on the rack  
Torture killings in god's name  
Vengeance for the dead

Vengeance - Vengeance  
I live for revenge  
Slaughter Prophecy

Destiny be cruel for thee  
I strike with spells malign  
Disease and plague  
Hail and fire  
Called forth by my sign  
I will not stop 'til you've paid  
i'll haunt you to the last  
Feel the pain of thousand deaths  
Vengeance for the dead

Squwal like a pig in terror  
I grasp your soul with hate  
I am the nightmare nemesis  
Your doom reincarnate  
Thirst for blood can't be quenched  
Who will laugh at last  
I'll revel in your moaning  
Your death will not be fast
