

The Skeleton Key

Sacred Steel

Come my child
Full of pride
We have been waiting here
Now come inside my dear
Don't you see
It's all real
You just have to believe

Blood
Hair
Sulfur
Candle
Chalk and circle

Eyes
Four eyes

Don't you cry
Caroline
Say goodbye

Caroline
It's time

It's no dream
Insanity
It is blasphemy
Yeah
It's blasphemy
Turn the key
On this sacred night
Our magic right

It's in your mind
Lord
It's time for sacriice
Now you see
You believe
Where did you think you'll go
This house in theirs
You know
Darling
Soon
I am you
Up in the attic here
You've sealed your doom my dear
