

## Day Of The Lord

Sacred Warrior

No more evil no more pain  
From this day forth satan you have nothing to gain

You've led so many astray with you're dectetful lies  
And now it's time that you pay  
There'll be no more compromise

Listen to the angels sing praises  
As Jesus throws satan back into abyss

You've led so many astray with you're dectetful lies  
And now it's time that you pay  
There'll be no more compromise  
On that day they will call on His name

On that day oh Lord in the sky  
Praise your name Lift Him up so high  
On that day

You've led so many astray with you're dectetful lies  
And now it's time that you pay  
The groom has come for His bride  
There'll be no more compromise  
The groom has come for His bride
