Paradise

Sacred Warrior

I look ahead to that heavenly dwelling An angel showed me in a dream And here's what he said... "You won't believe what you will see"

Then he took me away To a mountain so high And showed me a city so fine That's come down from heaven It's pearly gates are shining bright

Oh.. can it be I must be in paradise I really think so Can it be I'm looking at paradise

For the kingdom of heaven shall dazzle the faithful It's walls made of jasmines and gold With sounds of sining angels Giving praise to His name

And we won't need the sun or the moon To shine on us The glory of God gives us light And the Lamb is our lamp No darkness will enter our lives

There will be no more crying-no death And no mourning The old things have now passed away His glory's revealed Freed from the bond of our sin

Then I woke up and jumped out of bed Elated by all that I'd seen In the dream that I had I've never felt so great before
