

## Wings Of A Dream

Sacred Warrior

As time goes by, I look around  
To see which way I`m going  
And if it`s really worth  
The pain that I feel  
Hard times may get me down  
Trying to destroy my dreams  
What can I say  
I`m just a man !

I`ve come too far to turn around  
Can`t let the hard times get me down  
I`ll lift my head up off the ground

And ride on the wings of a dream  
Ride them for a crown  
I`m gonna receive  
Yes, ride the wings of a dream  
On and on, won`t look back  
Let the fire keep leading the way

When daily life is more than I  
Believe that I can handle  
I have a good that sees through  
If I give my weaknesses to him  
He gives his strenght to me  
Faithfulness he`ll always prove

I`m pressin on in spite of things  
That seem to overwhelming me  
He makes them all just disappear  
Long days and longer nights  
Trying hard to make it right  
Soothing words are all I hear  
I never want to turn around  
Don`t let the hard times get me down  
He lifts my head up off the ground

And ride on the wings of a dream  
Ride them for a crown  
I`m gonna receive  
Yes, ride the wings of a dream  
On and on, won`t look back  
Let the fire keep leading the way
