

Spirit

Sade

Let the spirit move me
Keep that coming to me
Feel that running through me
Gotta keep the faith

Let the spirit move me
Keep that coming to me
Feel that running through me
Gotta keep the faith

I've been away
It had to be a long time no see
Drifted around
Thousands of miles between you and me
But I'm coming home
You need the drooves to hold me back
Cause I'll finally stay
To turn my dream into a fire

Let the spirit move me
Keep that coming to me
Feel that running through me
Gotta keep the faith

Wanderers
City to city ??
Impossible games
You have to play
To find some fun
But in the end
You find that faith to be yourself
That this spirit's giving me
HMMMMMM
You need that faith ... nothing else

Let the spirit move me
Keep that coming to me
Feel that running through me
Gotta keep the faith

Spirit spirit spirit move me

You gotta let the spirit move you on and on
