

Still In Love With You

Sade

I think I'll fall to pieces
If I don't find something else to do!
This sadness never ceases,
Oh, I'm still in love with you!
And my headache keeps on really
Is got me in a crazy spin!
Darling, darling, is this the end?

Still in love with you,
They say time has a way of healing,
Dries all the tears from your eyes,
Darling is this this empty feeling
That my heart can't disguise!
After all that we've been through
I drown my best but it's no use!
I guess I just keep loving,
Is this the end?
Still in love with you!

Still in love with you!
Now it's all over, boy
There's something I think you should know!
Baby, baby, think it over,
Just one more time before you go!
Call on me, baby
If there's anything I can do for you!
Please, call on me, baby
Help me see this through!

Still in love with you!
Still in love with you!
Still in love with you!
