

The Heartless

Sadie

What is it to live in now?
Whom should I trust?
I'll be surely used easily, if I die.
Nobody saves oneself.
Be rebeared by myself.
Be cause nothing changes even if I worry.

kazashita te ni wa todokanai kimi wo zankoku na kage
tsuba wo haki tsuke kurui dasu saga wa munashiki sugata

Please tell me how to smile.
Please kill my another mind.
A virtual image disturbs me in a heart.
Lonely threatens me.
I shouldn't have been born.
Can you hear my voice of screaming?
Uragiri no nakahakai sarete iku ichiaku no ai
Kuchihateru nara soredake no koto sa batou wa negau

Moshi hitotsu dake kanau koto ga aru naraba
I think in my heart.
Nichijou no naka de sonao ni waraeru hibi wo...
Maybe the wish doesn't come true

Hitsuu ni sakebishihai sarete iku
My heart is injured by your brain.
