Powers of hate Are directing your thoughts And lead me to believe In what you are not Anger drives you To inflict others' pain Now feel the rage Consuming your brain Committing revenge now regulates Your unguided ways to manipulate Logic dies with bitter frustration Anxiety feeds your slow damnation How can this be right? Your way of looking through me Seeing beyond your lies It's just your way to use me All anger that you feel Its driving force surrounding you Forget your words of hate The power that's confounding you Reason to not forgive Breaking down your tolerance Can't you tell it's wrong Not believing in the consequence Into the recesses of your mind Mysterious shadows unidentified Shrouded by fears of the darkest kind And there your being lies classified This reign of hatred and despise This weapon of spite caused you to lie What is kept secret behind your eyes Is now my fear of the truth denied
