Be My Princess

Breath every day of your life You don't know why I know you're just the evil-eye But you look like A fucking paradise

Be my princess Be mine tonight

Beed everyday of your life You don't know why I know you're just the evil-eye But you look like A fucking paradise

Somedays you just wan to pass away Somedays you feel like it's a perfect day Somedays you cry Somedays you smile Somedays are better than others

Somedays you just wan to pass away Somedays you feel like it's a beautiful day Somedays you smile Somedays you cry Somedays are better than others

Now I dream I can fly

Far above the ground Without you Now I touch the sky
