

# Counting Sheep

SAFIA

I never make a sound  
Fingers crossed I shut my mouth  
Thoughts they're creeping through my teeth  
(creeping through my teeth)  
And Drip, Drop  
The night is loud  
Silence seems to drown me out  
Box my thoughts and give me some relief

I wanna let you down  
Make you toss and turn around  
Won't you give me what I need  
I wanna let you down  
And Im always lost and never found  
Won't you give me what I need

Tick, Tock  
Make me creep  
Never ending  
Counting sheep  
Never get no sleep  
Tick, Tock  
Make me creep  
Never ending  
Counting sheep  
Never get no sleep

(Do you know what the most frightening thing in the world is? It's fear)  
(Aint you planning on going to bed in the near future? No)  
(There's nothing to worry about, you're gonna be just fine)  
(What ever you do...don't fall asleep...)

Don't drop the curtains down  
Darkness is the whole surround  
My mind is lurking at my feet  
(At my feet)  
Criss, Cross  
The night is sour  
Pupils fixed on every hour  
Sunrise is the only thing that's sweet

I wanna let you down  
Make you toss and turn around  
Won't you give me what I need  
I wanna let you down  
And I'm always lost and never found  
Won't you give me what I need

Tick, Tock  
Make me creep  
Never ending  
Counting sheep  
Never get no sleep  
Tick, Tock  
Make me creep  
Never ending  
Counting sheep

Never get no sleep
