

All Will Change

Saga

I want to touch you but if I touch you
All will change
I want to hold you but if I hold you
All will change
I've been here watching you all through the night
Why does it scare me so to look into your eyes
Where will you go, what will you do
Who will you meet, what will become of you?
Your mother won't see you she's far too afraid
And I don't have the money to keep you today
Maybe someday our paths will cross
It's better this way, good-bye and good luck
I want to touch you but if I touch you
All will change
I want to hold you but if I hold you
All will change
