

Don't Make A Sound

Saga

Don't make a sound
Keep your ear to the ground
They're not far away
They could be here today
Who can you trust
Shake their hands if you must
But don't walk away
While you're still on display
Who's on the line
And did you give them a sign
Your fortune & fame
Is the name of the game
We're counting down
Today we're going underground
Don't turn around
So wait for the sign
It's all yours by design
Please don't make a sound
We're going underground
Please don't make a sound
You don't know who's around
Isn't it strange
How the colours will change
But the level of fear
Never quite disappears
We're counting down
Today we're going underground
Don't turn around
The secret is out
Was there ever a doubt?
Please don't make a sound
We're going underground
Please don't make a sound
You don't know who's around
Tell me, can't you see you've had enough
I can see that you have had enough
Tell me when you think you've had enough
Can't you see that you have had enough
Devastate, violate, they're gonna do it
Make it up, it's a buck, that's how they do it
Escalate, suffocate, they're gonna do it
Given up, had enough, don't let 'em do it
Tell me, can't you see you've had enough
I can see that you have had enough
Tell me when you think you've had enough
Can't you see that you have had enough
Don't make a sound
Devastate, violate, they're gonna do it
Don't turn around
Make it up, it's a buck, that's how they do it
Don't make a sound
Escalate, suffocate, they're gonna do it
Just hit the ground
Given up, had enough, don't let 'em do it
(repeat)
Don't make a sound
