

Give 'Em the Money

Saga

Walking slowly helps your day
Or will help some of the new ones
A guided tour could be the lure
To visit your home made ruins
You've been noticing little things
You can't quite find a perspective
Ask a friend how far they'll bend
To get their heart's desire
Most will say with lots of pay
They'll stay just until they tire
You've been noticing little things
You can't quite find a perspective
Give 'em the money, give 'em the money
Give 'em the money, less work more pay
(repeat)
