

It Never Ends

Saga

There you go, you're off again
I'll see you then, I hope it won't take long
I might have known, you can't pretend
A story ends, a new one comes along

BRIDGE

One door closes
One more opens
You won't know where or when
One door closes
One more opens
Time to start again

CHORUS

Looks to me like you could use a friend
'Cos everything must change, it never ends
And when it does you won't know where or when
But everything will change, it never ends

2nd. VERSE

A change of heart, a change of pace
You can't hold back, the feeling's far too strong
The time has come to re-invent
The chance to make a change has come along
