

More Than I Deserve

Saga

1st. VERSE

Though we both know
I'm not a simple man
You still believe I'm
More than what I am
Because of you
I rise the occasion
(because of you)
And in your eyes I'm
Well above my station

1st. BRIDGE

But though you've your own life to live
You always found the time to give me more...

CHORUS

More than I deserve
And memories that we've burned remain...
Locked in yesterday

2nd. VERSE

On days like this
I find it hard to breath
Cos' trust me I've got
Nothing up my sleeve
Because of you
Emotions can't be spared
(because of you)
Remembering all the moments
That we've shared

2nd. BRIDGE

But though you've just one life to live
You chose to find the time to give me more

REPEAT CHORUS
