

Streets Of Gold (Chapter 14)

Saga

Please stop - Why not? - They need air - You don't care - Time's up - Why not? - You won't change - Why can't you see, it's part of our history

On the streets of gold
Where everyone has too much money
On these streets of gold
You've always got something to hide

No more - Why war? - It must stop - You might not - The reason - You teach them - They won't change - Why can't you see...
That's how it has always been

(Repeat Chorus)

You say we need some changes
Why should we do that?

Please stop - Why not? - You won't change - Why can't you see, it's part of our history

(Repeat Chorus)
