

Out of the System

Sahara Hotnights

Gotta love it or leave it while you can
Get ready to beat it, make a stand
Nothing's all right; it doesn't turn me on
Tell me, aren't you scared to end up all alone?
We can't take it anymore
We cannot fake it any more
Get out of the system
Into the streets
There are more than a million ways
To get out of the system
Up on your feet
Come on, it's getting late
