Sahara Hotnights

Are teenage dreams so hard to beat Everytime he walks down the street Another boy in the neighbourhood Wish he was mine, he looks so good I wanna hold him wanna hold him tight Get teenage kicks right through the night I'm gonna call him on the telephone Have him over cos i'm all alone I need exitement oh i need it bad And it's the best, i've ever had I wanna hold him wanna hold him tight Get teenage kicks right through the night Are teenage dreams so hard to beat Everytime he walks down the street Another boy in the neighbourhood Wish he was mine, he looks so good I wanna hold him wanna hold him tight Get teenage kicks right through the night I'm gonna call him on the telephone Have him over cos i'm all alone I need exitement oh i need it bad And it's the best, i've ever had I wanna hold him wanna hold him tight Get teenage kicks right through the night
