

## A Lot Like You

Saigon Kick

I'm a lot like you without clue  
But it don't come easy so easy for me

What's a boy to do I'm lost in eyes so blue  
I bet it all come easy so easy for you

Conscience makes the world go round  
She sits inside with a small frown  
She wants to walk the streets without her name

trapped inside a zoo did you get your pictures dude  
It's just all easy so easy to do

Where's head right now  
Did you lose your big cash cow  
Did they all bleed easy so easy for you

Conscience makes the world go round  
She sits inside with a small frown  
She wants to walk the streets without her name  
her name

Conscience makes the world go round  
She sits inside with a small frown  
She wants to walk the streets without her name  
her name

Balance this against your will  
The ones you love you know you kill  
What's a girl to do with all of this  
all of this
