

Acid Rain

Saigon Kick

Rain, rain, acid rain
Don't come back for another day
I wash my face in the sea of blood
I wash my face in the sea of blood

Rain, where are you hiding?
Gotta, gotta get away
Get away, get away

I walked on the wings of your mother's schemes
I walked on the water and I floated on streams
Went to the mountain, oh, what did I see?

Hey, hey, hey, yeah, oh no
Gotta, gotta get away
Get away, get away

Rain, rain, acid rain
Don't come back for another day
I wash my face in the sea of blood
I wash my face in the sea of blood

Yeah, oh no
Gotta, gotta get away
I'll get away, I'll get away

Rain
Gotta, gotta get away
Hey, hey now, no, no, no
Gotta, gotta get away
