

# Afraid

Saigon Kick

I was alive  
Seven years ago  
I never died  
Let the spirit go

You took away  
The things that I adore  
And I won't let it stand in my way  
And I won't let it stand in my way

You were the one  
Made me afraid

I never lied  
About the way I feel  
I never said  
Changed it all for you

You were the one  
Made me afraid  
In danger of a crime  
So afraid  
Of losing all I am

Keep my dream upon your case  
Just like some teen that fell from grace  
I stand ahead, you could fall down  
It's hard to balance every ground

You were the one  
Made me afraid  
In danger of a crime  
So afraid  
Of losing all I am

Afraid  
In danger of a crime  
So afraid  
Of losing all I am
