All Around

Saigon Kick

One, two, three, four!

I want just to bring you down
Look up down right left
Just can't seem to keep me outta town

Just when you think
That you got me beat
I'm around
All around
All around
All around
Yeah, yeah, yeah, yeah!

I want just to be around
Make it
Left right jump side
Just as long as you keep me around

Just when you think
That you got me beat
I'm around
All around
All around
All around
Yeah, yeah, yeah, yeah!

Just when you think
That you got me beat
I'm around
All around
All around
All around
I'm around
All around
All around
All around
