

## Sleep

Saigon Kick

you got your sleeping pills  
and I got my videogames

I'm trying hard  
to let it go  
and beat you up  
in my head

and I won  
I won  
I won  
uuh

Low try to read  
what's left behind  
a thousand days of misery

Now this days don't seem so bad  
the lost i can go for, no no no  
I won, I won, I won
