

## Stocking Cap

Saigon

You bad?  
Keep kicking that soldier shit and I'll unload a clip  
Put a fucking hole in your DU-RAG  
You don't wanna fight me, hype me, motherfucker and got touched  
Motherfucker that's too bad  
You wanted to play thug, took the trey-8 slug  
And now you using a doo-doo bag  
Family first and that's til the day I'm under the earth, bitch look

Yo, I be guzzling some henny and listening to Many Men  
Smoking some bud that got me red like an Indian  
When 50 say Many Men, wish death 'pond him  
Feel him cause I know some kids that wish they did me in  
But they couldn't get me though  
And now they see me, and Al creep slow  
For a G in the video  
And niggaz hating our guts, cause they know  
In the face where they girls probably taken our nuts  
My name Saigon nigga, I get any chick that I got my eye on nigga  
Stronger than corn liquor  
Nah I'm not a battle rapper  
You talk shit and I'm a run this razor across your adams apple  
I stand 5'7 and a quarter, but boy when I reach for that thing  
I'm taller than Yao Ming  
Peddi P's mac goes "Bling" my mac goes "BLAT"  
I hit you in your hat take that

(2x)

This gun - And you can get popped with that  
So bitch run - When I cock it back  
Cause you know if I cock the gat, I'm a put a few holes in your stocking cap

Spit liver, not the kid you want to bother  
Your mom's child destiny, well I'll be her survivor  
I was a robber, before I heard of Big Poppa  
The dirty nigga in school with tools in his locker  
Can't forget the Vodka, dime bag of shocker  
Couple of sharp things that'll send you to see the doctor  
Who am I - S to the A to the I and  
When they say I bust that iron, they ain't lyin  
Niggaz who know me, know  
Go ask them, say "Sai his gun blow" they say "Oh, for sure"  
I can tell you mad shit that I did  
And some shit that I got away with  
But my lawyers advice me not to say shit  
To keep shit basic, niggaz play sick we can all get ill  
I'm jacking my man Jason  
If I'm a thug or not I ain't got to rhyme bout  
C'mon come fuuck with a nigga and find out
