

## Carnt Sleep

Saint Etienne

You know the hurt's  
so deep  
that I can't sleep or eat,  
and what I'm hoping for  
is to feel your kisses sweet.  
If we could just talk  
things might be a little more clear.  
I really need the chance  
to explain the way I feel.

I can't sleep (can't sleep),  
thinking of you constantly,  
I can't sleep (can't sleep),  
wishing you were here with me.  
I can't sleep (can't sleep  
where are you please(?))

When I get home from work,  
sit down and watch TV,  
The night falls  
just like a bad dream.

I can't sleep (can't sleep),  
thinking of you constantly,  
I can't sleep (can't sleep),  
wishing you were here with me.  
I can't sleep (can't sleep  
where are you please(?))

I can't sleep (can't sleep),  
thinking of you constantly,  
I can't sleep (can't sleep),  
wishing you were here with me.  
I can't sleep (can't sleep  
where are you please(?))
