

# She's the One

Saint Etienne

She  
She's the one  
She  
She's the one  
She's the girl who thinks nothing of  
Breaking up two people in love  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
She  
She's the one  
She  
She's the one  
Saw her again last night  
I saw her with another guy  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
She  
She's the one  
She  
She's the one  
In this world of ups and downs  
She's the one  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs  
He kissed me  
He kissed me  
He hit me  
And it felt like a kiss  
In this world of ups and downs  
In this world of ups and downs  
In this world of ups and downs
